

Fast Camp Registration process for Care 4 Kids Recipients

Care 4 Kids has their own application process, and the link is located on our website. Once you complete your portion forward the application to Admin@fast-camps.com and we will complete our portion and forward back to you. Care 4 Kids is a need-based program, and they may cover ALL of camp including add ons or it may cover a portion of camp. Ultimately, the parent is responsible for any non-covered expenses.

Parents will log into Fast Camp Registration and register their children for 1 week of Fast Camp and make a \$50 payment (this is per child). This will get your children registered in our system, and we can begin the process of ensuring all the required documents are completed. You will be asked to enroll in a payment plan, please complete this step and once we receive your application we will unenroll your account from future payments. If you are interested in registering for additional weeks, please complete the enclosed form and forward to Admin@fast-camps.com and we will manually register them for any additional weeks.

If you are interested in any add on activities such as Arts & Crafts, Cooking, Gelly Ball, field trips, t-shirts, etc. you can go back on the parent portal and register for those activities after we complete your registration. Fast Camp will suspend all billing until the week before your child's start date at camp. If Care 4 Kids covers ALL of camp your \$50 deposit will be refunded.

Thank you and looking forward to a GREAT summer!!

Camper Name: _____

Camper Grade: _____

Week 1 June 22-26

Traditional Forts Junior CIT AfterCare

Week 2 June 29-July 2

Traditional Forts Junior CIT AfterCare

Week 3 July 6-10
